## SERVICE AND REGULATORY ANNOUNCEMENT

### BUREAU OF ANIMAL INDUSTRY

MARCH, 1930

[This publication is issued monthly for the dissemination of information, instructions, rulings, etc., concerning the work of the Bureau of Animal Industry. Free distribution is limited to persons in the service of the bureau, establishment at which the Federal meat inspection is conducted, public officers whose duties make it desirable for them to have such information, and journals especially concerned. Others desiring copies may obtain them from the Superintendent of Documents, Government Printing Office, Washington, D. C., at 5 cents each, or 25 cents a year. A supply will be sent to each official in charge of a station or branch of the bureau service, who should promptly distribute copies to members of his force. A file should be kept at each station for reference.]

### NOTICE REGARDING MEAT INSPECTION INSPECTION LEGEND ON CELLOPHANE WRAPPERS

It has been observed that the inspection legend on cellophane wrappers applied direct to meat and products, is often partially or entirely obscured owing to the fact that the products do not afford a uniform and contrasting background. Accordingly, on all new supplies of such wrappers the inspection legend should be printed on an opaque background of a uniform color in sharp contrast to that of the legend, and with letters of such size and style as to give this feature the prominence prescribed in the regulation. This does not apply to plain cellophane wrappers bearing no printed features.

The continued use of approved wrappers which do not conform to these requirements is authorized pending submission of information with respect to the quantity on hand and the length of time estimated to exhaust the supplies. This information should be furnished the Washington office within 15 days following the receipt of these announcements, and should include the approval numbers and descriptions of the labeling.
